# EAST MEADOW PUBLIC LIBRARY NEWSLETTER

SEPTEMBER & OCTOBER 2017

**CAROL PROBEYAHN**  
 Library Director  
[www.eastmeadow.info](http://www.eastmeadow.info)

**Welcome to Fall!** For me, September is the time of new beginnings, more so than January. Since childhood, September always brings new challenges, new people, new books, school supplies, new clothes (sometimes)...yes, even as an adult, I still feel this way. With the brisk fall weather, it's like a breath of fresh air.

**It brings new energy and excitement. So yes, I say welcome to fall !!!** There are new changes going on at your Library, as well. We have a new 3D printer which you will see used in programs throughout the year. If you were at the Library on **Eclipse Day, August 21**, you might have used a pinhole projector made with our new 3D printer. Take a fresh look at our eBook collection, whether you are new to it, or have used it in the past and were frustrated because we didn't have a wide selection, take a look again. The collection has gotten larger, giving you so many more new titles to check out. If you don't find what you are looking for, let us know. We will do our best to get you what you want.

### **On the Construction Project:**

Building plans are being finalized and will be submitted to the New York State Education Department for approval at the end of 2017.

The design, approval and bidding process will take approximately 12-18 months.

Construction is scheduled to begin in the fall of 2018.

**During the construction, the Library will remain open in a different, temporary location.** We should be there approximately 12-18 months.

Please, if you have questions or complaints, come directly to the source. You can email us at [contactus@eastmeadow.info](mailto:contactus@eastmeadow.info), or [director@eastmeadow.info](mailto:director@eastmeadow.info), send a letter to the Library's address, come visit (Library Administration would be happy to answer any questions), call us, or send a carrier pigeon. Whatever the method you choose, we welcome you to contact the Library Staff, Administration, or Board, for an update on the construction.
